Publisher's Description

From Paragon Software Group: If you are looking for an easy way to exchange your data between Mac OS X and Windows OS - Paragon NTFS for Mac OS X Snow Leopard is an irreplaceable solution! Based on the Paragon Universal File System Driver (UFSD) technology, the driver enables to provide fast and transparent access to NTFS partitions as Mac OS X-native, thus achieving an unprecedented high level of performance. Mac OS X apps can process such partitions without any restrictions - browse contents, read and modify files, copy and create new files and folders, etc.

What's new in this version:

- Support of Mac OS X 10.6 Snow Leopard
- Headmost support of the HFS+ and NTFS file system features
- Unprecedented stability even under heavy workload
- No limitation to maximum file/partition size (within Mac OS X and NTFS specifications)
- Easy to install and to use. No additional configuration needed after installation
